

Biology Degree Requirements 2017-2018

Biology Major at Iowa State University

Have Questions About the Biology Major?
Visit Student Services in 103 Bessey Hall
or call 515-294-1064

Obtaining a Bachelor of Science degree in biology at Iowa State University requires the completion of 120 credits total. Up to 65 semester hours (97 quarter hours) earned at two-year colleges can be applied, as can courses taken at other 4-year institutions. All students must maintain a 2.0 or higher cumulative grade point average (GPA) to complete a degree. The final 32 credits of coursework must be taken at Iowa State.

Students are ultimately responsible for all issues concerning the satisfactory completion of degree requirements, and should be aware that many professions require specific courses that may go above and beyond the minimum degree requirements of the Biology Program.

University Requirements

Course #	Course Name	Credits	
ENGL 150	Critical Thinking and Communication	3	FYI... A grade of C or higher is required in ENGL 150, ENGL 250, and the advanced communications course.
ENGL 250	Written, Oral, Visual, and Electronic Composition	3	
(variable)	Advanced Communications (determined by major/college)	3	
LIB 160	Information Literacy	1	International Perspectives and U.S. Diversity are frequently double-counted with college-level degree requirements
(variable)	International Perspectives	3	
(variable)	U.S. Diversity	3	

Additional information about University requirements can be found at (<http://catalog.iastate.edu/collegescurricula/>); details about English requirements, including test-out and placement, at (<http://www.engl.iastate.edu/isucomm/>); and lists of approved courses that meet International Perspectives and U.S. Diversity at (<http://www.registrar.iastate.edu/students/div-ip-guide>).

College Requirements

Students may major in biology either through the College of Liberal Arts and Sciences (LAS) or the College of Agriculture and Life Sciences (AgLS). The differences in requirements are as follows:

	LAS Requirement	AgLS Requirement
Foreign Language	101/102 college level -or- 3+ years in high school	none required
Advanced Comm.	writing (ENGL 302 to 316) or speech (SP CM 212)	speech (SP CM 212)
Math	mathematics and/or statistics	mathematics AND statistics
Science	natural sciences	biological and physical sciences
Arts & Humanities	12 credits (~4 courses)	3 credits (~1 course)
Social Sciences	9 credits (~3 courses)	3 credits (~1 course)
Ethics	none required	3 credits (~1 course)

LAS also requires 45 credits of 300-level coursework, all but 7 of which are met by completing minimum requirements of the biology major. Lists of approved courses that meet the general education requirements for the two colleges can be found at: (<http://www.las.iastate.edu/students/academics/general-education/>) and (http://www.agstudent.iastate.edu/student_services.php) for LAS and AgLS, respectively.

Biology Major Requirements

Students must have at least a 2.0 GPA for the biology core and the advanced biology areas of the major, as well as at least a C- in all classes taken in these two areas.

Biology Core

Course #	Course Name	Credits
BIOL 110 -or- BIOL 112	Introduction to Biology -or- Transfer Student Orientation	1 -or- R
BIOL 111	Opportunities in Biology	0.5
BIOL 211 & BIOL 211L	Principles of Biology I & lab	4
BIOL 212 & BIOL 212L	Principles of Biology II & lab	4
BIOL 312	Ecology (with lab)	4
BIOL 313 & BIOL 313L	Principles of Genetics & lab	4
BIOL 314	Principles of Molecular Cell Biology	3
BIOL 315	Biological Evolution	3

Advanced Biology

Select 21 credits of coursework from the approved list (see pages 3 and 4). At least 9 of these credits must be from BIOL, EEOB, or GDCB course offerings, and 2 courses must include a laboratory/field component.

Complementary or Supporting Science Requirements

Mathematics

Students must complete two semesters of calculus and/or statistics. Appropriate sequences depend on career interests and choice of college. Biology majors in LAS may opt to take calculus or statistics only, while biology majors in AgLS must take one statistics course and one math course (typically calculus).

	Mathematics Courses	Statistics Courses	Credits
<i>Statistics Only Sequence (LAS)</i>	<i>none (LAS option ONLY)</i>	STAT 101 or STAT 104, & STAT 301	7 to 8
<i>Calculus Only Sequence (LAS)</i>	MATH 165 & MATH 166, or MATH 181 & MATH 182	<i>none (LAS option ONLY)</i>	8
<i>Calc & Stat Sequence (LAS or AgLS)</i>	MATH 160, MATH 165, or MATH 181	STAT 101 or STAT 104	7 to 8
<i>Non-Calc Sequence (AgLS)</i>	any AgLS approved math	STAT 101 or STAT 104, & STAT 301	7 to 8

Chemistry

Biology majors must complete at least one semester of general chemistry (with lab), one semester of organic chemistry (with lab), and one semester of biochemistry. Several sub-disciplines of biology will require more than the minimum, and students should speak with their advisors for more information.

	General Chem	Organic Chem	Biochemistry	Credits
<i>Minimum Sequence</i>	CHEM 163 & 163L	CHEM 231 & 231L	BBMB 316	12
<i>Advanced Sequence</i>	CHEM 177 & 177L -and- CHEM 178 & 178L	CHEM 331 & 331L -and- CHEM 332 & 332L	BBMB 420 -or- BBMB 404/405	20 to 23

Physics

One semester of physics is required for biology. Some career paths may require a year of physics.

	Courses	Credits
<i>Single Semester Physics</i>	PHYS 115 & PHYS 115L	5
<i>Full Year Physics (algebra-based)</i>	PHYS 111 & PHYS 112	10
<i>Full Year Physics (calculus-based)</i>	PHYS 221 & PHYS 222	10

Approved Advanced Biology Courses

Biology Program at Iowa State University

Course offerings vary by semester; check the catalog and classes.iastate.edu

Course #	Biology Course Name	Credits	Course #	Biology Course Name	Credits
BIOL 322	Intro Bioinformatics and Comp. Bio	3	BIOL 444	Bioinformatic Analysis	4
BIOL 328	Mole. & Cell. Bio of Human Disease	3	BIOL 451 •	Plant Evolution & Phylogeny	4
BIOL 334	Metabolic Physiology of Mammals	3	BIOL 454 •	Plant Anatomy	4
BIOL 335 •	Human & Animal Physiology	4	BIOL 455 •	Bryophyte and Lichen Biodiversity	3
BIOL 336	Ecological & Evolutionary Animal Phys	3	BIOL 456 •	Principles of Mycology	3
BIOL 344	Human Reproduction	3	BIOL 457	Herpetology	2
BIOL 349 •	Genome Perspective in Biology	3	BIOL 457L •	Herpetology Lab	1
BIOL 350	Comprehensive Human Anatomy	3	BIOL 458	Ornithology	2
BIOL 351 •	Comparative Chordate Anatomy	5	BIOL 458L •	Ornithology Lab	1
BIOL 352 •	Vertebrate Histology	4	BIOL 459	Mammalogy	2
BIOL 353 •	Introductory Parasitology	3	BIOL 459L •	Mammalogy Lab	1
BIOL 354	Animal Behavior	3	BIOL 462	Evolutionary Genetics	3
BIOL 354L •	Animal Behavior Lab	1	BIOL 464	Wetland Ecology	3
BIOL 355	Plants and People	3	BIOL 471	Introductory Conservation Biology	3
BIOL 356 •	Dendrology	4	BIOL 472	Community Ecology	3
BIOL 357X	Biology of Plants	3	BIOL 474	Plant Ecology	3
BIOL 364	Invertebrate Biology	3-4	BIOL 476	Functional Ecology	3
BIOL 365 •	Vertebrate Biology	4	BIOL 480 •	Studies in Marine Biology	1-8
BIOL 366 •	Plant Systematics	4	BIOL 481 •	Summer Field Studies	1-8
BIOL 370 •	GIS for Ecology and Env't Science	1-6	BIOL 482 •	Tropical Biology	1-4
BIOL 371 •	Ecological Methods	3	BIOL 484	Ecosystem Ecology	3
BIOL 381	Environmental Systems I	3	BIOL 486	Aquatic Ecology	3
BIOL 382 •	Environmental Systems II	3	BIOL 486L •	Aquatic Ecology Lab	1
BIOL 393 •	N. American Field Trips	1-4	BIOL 487	Microbial Ecology	3
BIOL 394 •	International Field Trips	1-4	BIOL 488 •	Identification of Aquatic Organisms	1
BIOL 402	Introduction to Pathology	3	BIOL 489 •	Population Ecology	3
BIOL 414	Life History & Reproductive Strategy	3	BIOL 490	Independent Study	1
BIOL 423	Developmental Biology	3	BIOL 491 •	Undergraduate Teaching Experience	1-2
BIOL 423L •	Developmental Biology Lab	1	BIOL 492	Preparing for Grad School in Biology	1
BIOL 428	Topics in Cell Biology	3	BIOL 494 •	Biology Internship	1-3
BIOL 430	Principles of Plant Physiology	3	BIOL 495	Undergraduate Seminar (various topics)	1-3
BIOL 434	Endocrinology	3	BIOL 498	Cooperative Education	R
BIOL 436	Neurobiology	3	BIOL 499 •	Undergraduate Research	1-3
BIOL 439	Environmental Physiology	3-4			

Students may apply a maximum of 7 credits of the following: BIOL 480, 481, 490 (2 cr max), 491 (2 cr max), 494, and 499 towards advanced biology. Lab courses are denoted by •. Courses below are graduate level courses open to undergraduates by prerequisite or permission and typically offered alternate semesters.

Course #	Graduate Course Name	Credits	Course #	Graduate Course Name	Credits
EEOB 507	Advanced Animal Behavior	3	EEOB 582	Environmental Systems II	3
EEOB 514	Life History and Reproductive Strategies	3	EEOB 584	Advanced Ecosystem Ecology	3
EEOB 531	Conservation Biology	3	EEOB 585	Advanced Community Ecology	3
EEOB 534	Endocrinology	3	EEOB 586	Aquatic Ecology	3
EEOB 535	Restoration Ecology	3	EEOB 586L	Aquatic Ecology Lab	1
EEOB 539	Environmental Physiology	3-4	EEOB 587	Microbial Ecology	3
EEOB 544	Introduction to Bioinformatics	4	EEOB 589	Population Ecology	3
EEOB 551	Plant Evolution and Phylogeny	4	EEOB 590	Special Topics	1-3

Iowa Lakeside Laboratory – courses taken over the summer at Iowa Lakeside Lab often count towards advanced biology requirements. Please check for available courses on the Lakeside Lab web page (<http://www.continuetolearn.uiowa.edu/lakesidelab/>) and consult your advisor for those that apply to the degree program.
